November 10, 2025

Greetings to you from the Konbit team, both here and in Haiti.

As winter approaches in Indiana (or wherever you find yourself!), cooler weather often brings less distraction from busy outside activities as we look toward our celebrations of gratitude and giving.

We at Konbit are grateful for you, our donors, who made possible two successful mobile rural clinics in Northern Haiti villages. This past year, our Haitian clinic team served 870 of our fellow human beings in this troubled land, so close to our southern border. On average, the ajan sante engaged with over 750 men, women and children each month as they continued their work of help, hope and education.

During this time of gratitude, giving, and reflection on our many blessings here at home, please consider continuing or increasing your donations to Konbit so that we may provide this important life-changing support to our neighbors in northern Haiti.

If you are considering a Konbit donation for the first time, please check out our website for more details.

As always, we are committed to responsible stewardship of every cent you donate, complete transparency of our organization, and essentially zero overhead.

Thank you for your help and your generosity.

If you have any questions, please contact any of the board members listed below. More information is available at www.konbitlasante.org, www.facebook.com/konbitlasante, or www.linkedin.com/company/konbit-lasante-pou-limonade.
